DIET OF GERMAN
SAILORS PLAIN
BUT PLENTIFUL

Although some of the German merchant sailors kept in detention at the U. S. immigration station for nine days until their release Monday afternoon under orders from Washington assert the food they received was not any too good nor too plentiful, sample menus furnished by the immigration officials indicate that the meals were substantial enough for anyone and far better than those many working men of Honolulu get at home.

Deputy Inspector Harry B. Brown today furnished the Star-Bulletin with sample menus for breakfast, lunch and dinner served the seafaring Germans during their stay at the immigration station. The officials allowed 35 cents a day for subsistence of each man. The army's subsistence allowance ranges only from 27 to 30 cents a day. The allowance for the Germans was much more liberal than for the Oriental immigrants detained at the station. On the day following their arrival at the station the German officers and men, according to Brown, were served the following items of food at each meal:

Breakfast—Baked beans, bread and butter, coffee.
Lunch—Pork chops, boiled potatoes, tea or coffee, bread and butter.
Dinner—Steak and potatoes, bread and butter, tea or coffee.

All through the men's stay the diet consisted of food just as substantial and plentiful as this. On various occasions the meals on the bill of fare included hamburger steak, roast beef and plentiful helpings of beef stew.

"That's better than I generally get at home," was the remark of a customs inspector one morning when he heard what kind of "chow" the sailors had been getting. "I think it's probably a heap right better than they get aboard ship."

DANCING AT
MOANA HOTEL

Dancing this evening on the Moana Hotel lanai from 9 till 11:30.—Adv.

HOW APPENDICITIS
CAN BE PREVENTED

Honolulu people should know that a few doses of simple buckthorn bark, glycerine, etc., as mixed in Adler-ika, often relieve or prevent appendicitis. This simple mixture removes such surprising foul matter that ONE SPOONFUL relieves almost ANY CASE constipation, sour stomach or gas. A short treatment helps chronic stomach trouble. Adler-ika has easiest and most thorough action of anything we ever sold. The Hollister Drug Company.—Adv.

How Publicity Helped
Mrs. Thomas to Health

from the drug store, and says: "By the time I had taken a month's treatment I felt like a new woman; the first dose of Fruitola brought a large number of gall stones and I am certain Fruitola and Traxo saved my life." Fruitola and Traxo are compounded from the original Edsall formulas at the Pinus Laboratories in Monticello, Ill., and can be purchased in Honolulu of Benson, Smith & Co., wholesale distributors, and leading drug stores; a doctor's prescription is not necessary. Fruitola is a pure fruit oil that acts as an intestinal lubricant and disintegrates the hardened particles that cause so much suffering, discharging the accumulated waste to the sufferer's intense relief. One dose is usually sufficient to indicate its efficacy. Traxo is a tonic-alternative that is most effective to rebuild and restore the weakened, rundown system.

A booklet of special interest to those who suffer from stomach trouble can be obtained by writing to the Pinus Laboratories, Monticello, Illinois.

PUNAHOU CHAPEL
PROGRAMS GOOD

(Special Star-Bulletin Correspondence)
OAHU COLLEGE, Feb. 15.—Two chapel programs at Punahou during the past week have been of unusual interest. On Lincoln's Birthday two readings in honor of the birth of the savior of his country were given. The first was "Chapman's Lincoln, the man of the nation." This was read by Dudley Pratt in a very strong and forceful manner. The selection is a masterpiece of fiction and eulogy. Jim Woods presented Whitman's "O Captain! My Captain!" in very effective interpretation.

Wednesday morning Dr. Aurelia Henry Reinhardt addressed the students of Punahou. Her address was highly inspiring to young women. She developed the possibilities of the life of woman in this age and called attention to the advantages offered by the modern colleges. Her speech was embellished by excellent interpretations of poetry and by comments on certain modern authors.

ANNUAL MEETINGS
OF STOCKHOLDERS

Annual meeting of stockholders and dates have been announced by the following Hawaiian corporations as follows:

DIAMOND KEKONA
IS IN HOSPITAL

Dick Kekona, at the police station, has received a letter from a former resident here, Joseph Paul, now of Buckinghamshire, England, telling that Kekona's son, Diamond Kekona, is in a hospital at Aberdeen, Scotland.

The last word heard from the Honolulu boy, who is fighting for King George, was that he had been wounded while at the front in France. He was then in command of one of the big gun sections, it is understood.

Whether he is sick now or wounded; whether fatally or not, the father is unable to determine.

Puni has charge of "The Hawaiians & Middle Leilani," a musical troupe which is touring England, introducing the hula and the steel guitar music. He wants to bring Kekona home but this, the father says, he will be unable to do until the war is over as Diamond is a British citizen by naturalization.

COL. ROGERS NOT
COMING, RETIRES

Col. James S. Rogers, named by the war department to relieve Col. Daniel L. Howell as head of the 2nd Infantry, Fort Shafter, will not come to Oahu. Col. Rogers has been retired at his own request, effective March 1.

This is the word that has just reached department headquarters and has caused considerable comment, as Col. Rogers was expected to arrive here for duty at Shafter. No word of the next officer to take charge there has been received at headquarters, it was stated today.

According to army rules, an officer must be retired after 40 years of service if he so requests the war department, but between 30 and 40 years the retirement is optional with the authorities. Col. Rogers, who served for a time on Oahu several years ago, has seen more than 40 years of army life.

HOTEL LOBBY LORE

H. F. Sussdorf of Valdez, Alaska, is a newcomer in Honolulu. He is at the Blaisdell hotel.

Mrs. O. C. Voss of Oakland, Cal., is one of the recent arrivals at the Royal Hawaiian Hotel.

Thomas T. Kerl of Coeur d'Alene, Idaho, is one of the Northerners visiting in Honolulu. He is at the Royal Hawaiian Hotel.

The twins, Paul and Henry Dailen-douze of Brooklyn, N. Y., who have been at the Pleasanton for about a month, left Tuesday on the Lurline for home.

The Montana delegation in Honolulu has enjoyed a pleasant addition by the arrival of Mrs. Ida M. Thomas and Miss Bertha Huber of Dillon. They are staying at the Royal Hawaiian hotel.

An "Aloha" dinner party was tendered Maj. and Mrs. Henry H. Sheen, Artillery Corp., U. S. A., at the Young Hotel last night by F. B. Silverwood. The party later danced at Heinle's. The major is a recent arrival here from the Mexican border.

Mrs. J. B. Martingale and daughter left on the Lurline Tuesday morning for San Francisco, where they will visit for a few days before returning to their home in New York. They have been here 15 days and were highly enthusiastic about the islands. They intend to return next winter and stay longer.

The Seaside hotel last night inaugurated a new every-other-night dancing program to continue indefinitely. A good crowd of townspeople and visitors, including the swimmers and tennis players from the mainland, were present to enjoy the Hawaiian orchestra and the dancing on the excellent floor in the cool night air.

A party of about 25 people, in charge of Manager Walter Pontin of the Raymond-Whitcomb Company, has made reservations at the Moana Hotel for February 19 to March 20. Another party, traveling under the same company, will join them at the Moana from the Orient, making a party of about 60 which will return to the mainland together.

AUTO OWNERS WARNED

Deputy Sheriff Asch has issued another warning to auto owners who have not yet exchanged the old red 1916 numbers for the new ones. He says that re-registration now costs only \$1 but after February 28 the fee will be \$5. Besides, anyone who neglects to change numbers before that time is liable to arrest and fine in police court. The deputy says there are about 700 still delinquent and he would like to see them in his office at once.

"America's Duty" will be the subject of the lecture by Prof. M. M. Scott at the Y. M. C. A. tonight. Talking up the steps which led to the break with Germany, Prof. Scott will point out the meaning of the break and show what he believes to be the duty of our nation in such a crisis. The lecture will be given in Cooke hall at 8 o'clock and is open to members of the association and their men friends.

PHILIPPINE SUGAR
MAY BE SHIPPED TO
PORT OF SEATTLE

SEATTLE, Wash., Jan. 23.—That the raw sugar trade from the Philippine Islands represents one of the most valuable prizes of the day in Pacific commerce and that now is the time for Seattle to get busy and capture it is the opinion of trade experts, who have been studying the proposition ever since the arrival of the steamship Saikai Maru a few weeks ago with 2000 tons of the toothsome product.

The Saikai Maru's consignment was handled at Seattle by Alexander & Baldwin for transshipment to the American Sugar Refining Company's Boston refinery. This is the first time that raw sugar was ever brought to Seattle in any quantity.

Can Capture Trade

At present the Philippines' raw sugar is marketed in a rather haphazard manner, due to the fact that the movement has not yet tied up with any particular route. Seattle, according to the experts, has a golden opportunity to capture the bulk of the shipments, which would help solve one of the problems of the port's Philippine commerce, the need of return cargo.

All the Hawaiian raw sugar moves through the San Francisco gateway. Prior to the pressure of war conditions on the ocean, the bulk of the movement was carried by the American-Hawaiian line to the east coast through the Panama Canal, but it now goes eastward from the Golden Gate by rail.

The Hawaiian raw sugar trade is so securely tied up with San Francisco that any effort by Seattle to get part of it would prove futile, according to the trade experts, but the conditions are entirely different with the Philippine trade. The Philippine movement has not yet attached itself to any route or port.

Must Give Service

The Seattle branch of Alexander & Baldwin is in possession with the opportunity presented to Seattle. Its members point out that it is all a question of service—enough cargo space in ships and quick dispatch in transshipment to Seattle and in railroad transportation to the East.

Most of the raw sugar brought to Seattle by the Saikai Maru came from the San Carlos mill in the Philippines, the balance necessary to make up the shipment being bought in the open market by Welch, Fairchild & Co., agents of the San Carlos Milling Company. The San Carlos mill ranks as one of the most modern plants in the world, all the machinery and equipment being furnished by the Honolulu Iron Works, which has an international reputation in the sugar industry. It has specialized for years in machinery for raw sugar mills and is now equipping a number of plants in Cuba.

GIRLS! BEAUTIFY
YOUR HAIR AND
STOP DANDRUFF

Hair Becomes Charming, Wavy
Lustrous and Thick in
Few Moments

Every Bit of Dandruff Dis-
appears and Hair Stops
Coming Out

For 25 cents you can save your hair. In less than ten minutes you can double its beauty. Your hair becomes light, wavy, fluffy, abundant and appears as soft, lustrous and charming as a young girl's after applying some Danderine. Also try this—moisten a cloth with a little Danderine and carefully draw it through your hair, taking one small strand at a time. This will cleanse the hair of dust, dirt or excessive oil, and in just a few moments you have doubled the beauty of your hair. A delightful surprise awaits those whose hair has been neglected or is scraggy, faded, dry, brittle or thin. Besides beautifying the hair, Danderine dissolves every particle of dandruff; cleanses, purifies and invigorates the scalp, forever stopping itching and falling hair, but what will please you most will be after a few weeks' use, when you see new hair—fine and downy at first—yes—but really new hair growing all over the scalp. If you care for pretty, soft hair, and lots of it, surely get a 25-cent bottle of Knowlton's Danderine from any drug store or toilet counter and just try it.—Adv.
